

① white side up

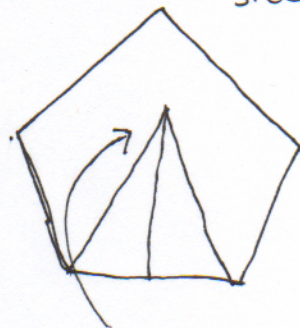

fold corner-to-corner, crease, and unfold.

②

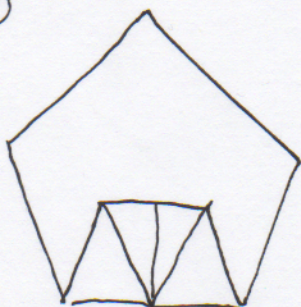

fold corners in to the crease line to make a kite shape.

③ flip over to black side

fold bottom point up.

④

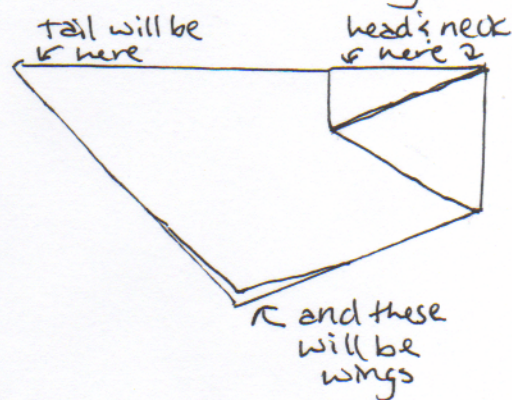

fold tip down.

⑤

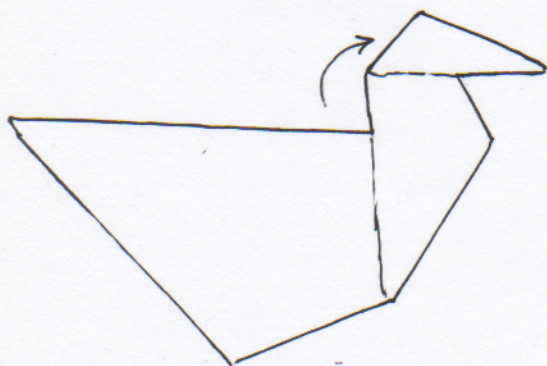

fold the whole thing in half, keeping the black side facing out.

⑥ turn it this way.

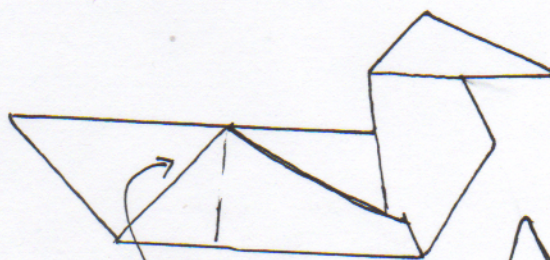

⑦

pull up on the head part + crease into place

⑧ fold wings up on both the front + back

(some white will show on the wings.)

your loon can now "swim" on a tabletop, or it can

DIVE!
